

Think of us as your personal trainer.

THE IDENTICARD ID FITNESS PROGRAM.

When you're considering an ID program for your YMCA, you want to be sure it's one that can get you in great shape fast – and keep you there. That's why IDenticard® is becoming the choice of YMCAs around the country for security management.

Like a personal trainer, we design programs to meet the specific needs of our clients. That means you can be sure of an ID system that is right for you. From basic ID card solutions to more comprehensive security programs, IDenticard is the perfect fit.

- Photo ID cards
- Cameras, films, supplies
- Badges, clips, accessories
- Access control systems
- Digital Imaging systems
- Printers
- Data storage
- Asset Tracking

THE IDENTICARD ID FITNESS PROGRAM

Compatible with YMCA software

Our flexible IVIS® Plus digital imaging systems will interface with three available YMCA software programs – Y-Ware, Y-Metro, and Y-George.

More Choices

We offer the widest range of card stocks, including durable, laminated ID cards, PVC cards, and our new JetPak™ cards developed for inkjet printers. Plus you can choose from a selection of printers.

National Pricing for YMCAs

Customized YMCA pricing is provided on all of our ID cards, digital imaging systems, and accessories.

Digital Imaging Systems to Fit

The greatest selection of digital imaging systems on the market – and easy to upgrade as your security needs expand.

Single-source solutions

Our ID cards, digital imaging systems and access control systems are all integrated for total security management.

Call today and let one of our ID specialists tell you how IDenticard can help shape up your YMCA's security ID program. It's what we're trained to do. **1-800-233-0298**
